

Dear all,

Hi, good day to all.

I'm Lim from Erionic Electronic Repair Sdn Bhd.

First of all, let me have a simple introduction of our company and the services that we provided. We are an established industrial electronic and automation repair company located in Puchong. We specialize in troubleshooting, repairing & servicing of PCB, PLC, servo pack, servo drive, inverter, power supply, industrial monitor / HMI, LCD display, servo amplifier for Fanuc, Yaskawa, Lenze, Mitsubishi....etc.

And for your info, we are currently hiring a few permanent technicians to join our team. Fresh graduates are most welcome.

Pls find below our company details for your reference:

Company Name : Erionic Electronic Repair Sdn Bhd
Location : Tmn Perindustrian Puchong (walking distance to LRT station)
Contact No : 03-80606109

Students with related fields are welcome to apply. Pls feel free to drop us your CV to erionicrepair@gmail.com.

For those intern students who are interested, you may write in too.

Please do not hesitate to contact us should you require any further information.

Thank you and regards,
Lim
